## INDEPENDENT AUDITORS' REPORT

To the Board of Directors  
Southeast Missouri Food Bank, Inc.  
Sikeston, Missouri

### **Opinion**

We have audited the accompanying financial statements of Southeast Missouri Food Bank, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2025, and the related statements of activities, functional expenses, and cash flows for the year ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Southeast Missouri Food Bank, Inc. as of December 31, 2025, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities section of our report. We are required to be independent of Southeast Missouri Food Bank, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are condition or events, considered in the aggregate, that raise a substantial doubt about Southeast Missouri Food Bank's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Southeast Missouri Food Bank's internal control. Accordingly, no such opinion is expressed
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Southeast Missouri Food Bank's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedules of expenditures of federal awards, as required by Title 2 U.S. Code of *Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated August 10, 2026 on our consideration of Southeast Missouri Food Bank, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Southeast Missouri Food Bank, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southeast Missouri Food Bank, Inc.'s internal control over financial reporting and compliance.

INDEPENDENT AUDITORS' REPORT ON  
INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors  
Southeast Missouri Food Bank, Inc.  
Sikeston, Missouri

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Southeast Missouri Food Bank, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2025, and the related statements of activities, and cash flows for the year ended, and the related notes to the financial statements, and have issued our report thereon dated August 10, 2026.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Southeast Missouri Food Bank, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Southeast Missouri Food Banks, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Southeast Missouri Food Bank, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant

deficiencies may exist that were not identified. Given those limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as finding 2025-001 that we consider to be a significant deficiency.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Southeast Missouri Food Bank, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Southeast Missouri Food Bank, Inc.'s Response to Findings**

Southeast Missouri Food Bank, Inc.'s responses to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Southeast Missouri Food Bank, Inc.'s response was not subject to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### **Purpose of the Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NOTES TO FINANCIAL STATEMENTS

For the Year Ended December 31, 2025

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of major accounting policies of Southeast Missouri Food Bank, Inc. (the Organization) is presented to assist the reader in evaluating the financial statements and other information contained in this report.

A. Nature of Organization:

Southeast Missouri Food Bank, Inc. is a Missouri not-for-profit corporation formed in 1985, established to collect, warehouse, and distribute salvageable food to social service agencies for onsite feeding and emergency food box programs to feed needy people in Southeast Missouri. Noncash food donations account for approximately 82% of the total revenue and support of the Organization. The Feeding America network provides most of the food commodities. The Organization also receives funding from the United States Department of Agriculture (USDA) through two programs entitled The Emergency Food Program (TEFAP), and the Commodity Supplemental Food Program (CSFP). The programs provide food commodities as well as funds to cover administrative costs.

The following are the primary programs of the Food Bank:

General Food Distribution is the Food Bank's core program and includes the distribution of food and products to charitable agencies located throughout 16 counties in Southeast Missouri.

Mobile Food Program is a mobile food pantry that travels to various sites in Southeast Missouri distributing food to individuals and families in need.

School Based Food Program called Backpacks for Fridays and ABC School Pantry were established at various schools in Southeast Missouri to provide food to children and families who were identified as in need.

The Food Bank obtains funding from the following contracts with government agencies:

The Emergency Food Assistance Program (TEFAP) provides emergency food assistance to residents of Southeast Missouri through qualified agencies and is partially

funded by the United States Department of Agriculture (USDA) through its agent, the Missouri Department of Social Services.

USDA Commodity Supplement Food Program (CSFP) allows the Food Bank to distribute supplement food to low-income seniors aged 60 and older who are especially vulnerable to health problems resulting from general and continued hunger due to insufficient foods. CSFP is partially funded by the USDA through its agent, the Missouri Department of Social Services.

Other nongovernmental programs at the Food Bank include:

Retail Store Donation Program is designed to sort salvage donations from local retailers. Products from the program are distributed to charitable agencies.

Backpacks for Friday Program (BFF) provides a package of healthy, nutritious food for eligible school aged children every weekend during the school year to target hunger experiences by children during the weekend. The program is privately funded.

A Better Childhood Program (ABC) is a mobile school pantry. The program provides an accessible source of food to hungry impoverished children at a familiar location and safe environment.

Truck to Table Mobile Food Pantry provides an increased access to food with non-typical food pantry hours. Most mobile distributions are held after 5 pm during the work week and on Saturday.

Farm to Food Bank Procedure Program engages a network of farms to provide hungry Southeast Missourians with fresh, local produce. Through produce donations, farms help supply good, nutritious food to food-insecure communities across Southeast Missouri.

#### B. Basis of Accounting:

Basis of accounting refers to when revenues received, and expenditures disbursed are recognized in the accounts and how they are reported on the financial statements. The Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The policy is to prepare financial statements on the accrual basis of accounting. The Accrual basis of accounting recognizes transactions when they occur, regardless of the timing of the related cash flows.

C. Property and Equipment:

Property and equipment are recorded at cost if purchased and estimated fair value if donated. The property and equipment are depreciated using the straight-line method over their estimated useful lives. Assets with cost of more than \$2,500 are capitalized.

|                         | <u>Years</u> |
|-------------------------|--------------|
| Buildings               | 31.5         |
| Leasehold Improvements  | 15           |
| Office Equipment        | 3-7          |
| Machinery and Equipment | 5-7          |

D. Financial Statement Presentation:

The Organization adopted Accounting Standards Update (ASU) 2016-14, *Not for Profit Entities: Presentation of Financial Statements of Not-for-Profit Entities* January 1, 2018. Under ASU 2016-14, requires net assets to be classified into two categories: net assets with donor restrictions and net assets without donor restrictions based upon the existence or absence of donor-imposed restrictions. The effects of reclassifying the net assets for the period presented did not materially impact the presentation on the financial statements.

The Organization also adopted SFAS No. 116, *Accounting for Contributions Received and Contributions Made*, whereby contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Restricted net assets are reclassified to unrestricted net assets upon satisfaction of the time or purpose restrictions.

The Organization reports gifts, furnishings and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of cash that must be used to acquire long-lived assets are reported as restricted support.

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended December 31, 2025 from which the summarized information was derived.

E. Donated Services and Facilities:

A substantial number of unpaid volunteers have made significant contributions of their time to the Organization. Volunteers worked 11,383 hours during the year. The value of volunteer services was not recognized in the financial statements since they did not

meet the criteria of requiring specialized skills. The Organization generally pays for services requiring a specific expertise.

F. Fair Value of Financial Instruments:

The Organization's financial instruments are cash, investments, accounts receivable, and accounts payable. The recorded values of cash, accounts receivable, and accounts payable approximate their fair values based on their short-term nature.

G. Cash and Cash Equivalents:

The Organization considers all investment instruments purchased with original maturities of three months or less to be cash equivalents. At December 31, 2025, there were no cash equivalents.

H. Investments:

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values based on quoted prices in active markets (all Level 1 measurements) in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in net assets without donor restrictions if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

I. Management's Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

J. Income Taxes:

The Organization qualifies as a tax-exempt organization under Section 501 (c)(3) of the Internal Revenue Code and, therefore, has no provision for income taxes. The Organization is not a foundation. The Organization is subject to a tax on income from unrelated business activities. For the year ended December 31, 2025, the Organization had no unrelated business income. Accordingly, no provision for income taxes has been recorded in the accompanying financial statements.

The tax returns are subject to examination by the respective taxing authorities, generally for three years after they are filed. The returns for 2023, 2024, and 2025 are still considered open years subject to possible examination.

K. Accounts Receivable:

Accounts receivable represent amounts due from other organizations for invoiced food and reimbursable expenses that have not yet been collected. A provision for doubtful accounts has not been established as management considers all accounts to be collectible. Management has elected to record bad debt expenses using the direct write-off method. Generally accepted accounting principles require that the allowance method be used to reflect bad debt expense. However, the effect of using the direct write-off method is not materially different from the results that would have been obtained had the allowance method been followed.

L. Advertising Costs:

Advertising costs are expensed as incurred. Advertising expenses totaled \$38,241 for 2025.

M. Planned Major Maintenance Activities:

Planned major maintenance activities are accounted for on the direct expense method.

N. Inventory:

Most inventories are donated to the Organization. The Organization records donated inventory at the estimated fair market value. The federal commodities are valued at the estimated fair market value. The federal commodities are valued at the estimated amount provided by USDA. All other donated inventory is valued at a price per pound estimate obtained from Feeding America. Inventory that is purchased is recorded at cost.

O. Functional Allocation of Expenses:

The costs of providing the Food Bank's various programs and other activities have been summarized on a functional basis in the Statement of Activities and detailed in the Statement of Functional Expenses. Certain costs have been allocated among the programs and supporting services benefited based on management's estimates.

P. Subsequent Events:

The Organization has evaluated the existence of subsequent events through August 10, 2026, which represents the date the financial statements were available to be issued.

## 2. CASH

The Organization holds cash at several financial institutions insured under the Federal Deposit Insurance Corporation (FDIC). As of December 31, 2025, the carrying amount of the Organization's deposits was \$4,246,338 and the bank balance of \$4,341,475 was fully insured by the FDIC. The Organization maintains petty cash funds totaling \$504. Cash at financial institutions and petty cash total \$4,246,842 as of December 31, 2025.

## 3. PROPERTY AND EQUIPMENT

As of December 31, 2025, the costs and related accumulated depreciation of land, buildings, and equipment consisted of the following:

Depreciation for 2025 was \$338,712 and for 2024 \$340,012.

#### 4. CURRENT VULNERABILITY DUE TO CERTAIN CONCENTRATIONS

The Organization's operations are limited to the food receipt and distribution market. In addition, the Organization is subject to the administrative directives, rules, and regulations of federal, state, and local regulatory agencies, including, but not limited to, the USDA. Such administrative directives, rules, and regulations are subject to change by an act of Congress, or an administrative change mandated by the USDA. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change.

#### 5. RISK OF LOSS

The Organization is exposed to risk of loss through their property ownership, employee injury, and general liability. Commercial insurance policies have been purchased to overcome these risks. There have been no reductions in coverages from the prior year. Also, there have been no settlement amounts that have exceeded insurance coverage.

The Organization is insured under a retrospectively rated policy for workers' compensation coverage. Therefore, the initial premium may be adjusted based on actual experience. Adjustments in premiums are recorded when paid or received. During the year ended December 31, 2025, there were no significant adjustments in premiums based on actual experience.

#### 6. CONTRIBUTIONS

The Southeast Missouri Food Bank, Inc. is a qualified charitable organization under Section 50(c)(3) of the Internal Revenue Code, and accordingly, contributions received by the Organization are generally tax deductible by the donor.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE  
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL  
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors  
Southeast Missouri Food Bank, Inc.  
Cape Girardeau, Missouri

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Southeast Missouri Food Bank, Inc.'s (a nonprofit organization) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Southeast Missouri Food Bank, Inc.'s major federal programs for the year ended December 31, 2025. Southeast Missouri Food Bank, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Southeast Missouri Food Bank, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2025.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Southeast Missouri Food Bank, Inc. and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Southeast Missouri Food Bank, Inc.'s compliance with the compliance requirements referred to above.

## **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Southeast Missouri Food Bank, Inc.'s federal programs.

## ***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Southeast Missouri Food Bank Inc.'s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Southeast Missouri Food Bank Inc.'s compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Southeast Missouri Food Bank Inc.'s compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Southeast Missouri Food Bank Inc.'s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Southeast Missouri Food Bank Inc.'s internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

For the Year Ended December 31, 2025

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Purpose of Schedule and Reporting Entity:

The accompanying Schedule of Expenditures of Federal Awards has been prepared to comply with the Uniform Guidance. The Uniform Guidance requires a Schedule of Expenditures of Federal Awards showing total expenditures for each federal financial assistance program as identified in the Catalog of Federal Domestic Assistance (CFDA) and identification of programs that have not been assigned a CFDA number as "Other Assistance".

The Schedule includes all expenditures of federal awards administered by Southeast Missouri Food Bank, Inc.

B. Basis of Presentation:

The Schedule is presented in accordance with the Uniform Guidance, which defines federal awards as "...assistance that non-federal entities receive or administer in the forms of grants, loans, loan guarantees, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, and other assistance, but does not include amounts received as reimbursement for services rendered to individuals."

C. Basis of Accounting:

Except as noted below, the Schedule is presented on the accrual basis of accounting, which recognized transactions when they occur, regardless of the timing of the related cash flows.

D. Non Cash Food Commodities:

Amounts for the Emergency Food Assistance Program – Food Commodities (CFDA Number 10.569) and Commodity Supplemental Food Program – Food Commodities (CFDA Number 10.565) represent the dollar value assigned to commodities based on prices provided by the Missouri Department of Social Services and Missouri Department of Health and Senior Services.

E. Subrecipients:

Of the federal expenditures presented in the Schedule of Expenditure of Federal Awards, Southeast Missouri Food Bank, Inc. provided federal awards of food commodities to subrecipients as follows: CFDA Number 10.569 and 10.565 in the amounts of \$2,259,547 and \$2,739,421 respectively.

2. FINANCIAL STATEMENT FINDINGS:

2025-001 Segregation of Duties

*Criteria:* Duties should be segregated so that no one employee has access to both physical assets and related accounting records, or to all phases of a transaction.

*Condition:* Employees have access to both physical assets and the related accounting records, or to all phases of a transaction.

*Questioned Cost:* None

*Effect:* Risk is present that errors or irregularities in amounts that would be material to the financial statements may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

*Cause:* Because of a limited number of available personnel, it is not always possible to adequately segregate certain incompatible duties.

*Recommendation:* We realize that because of limited resources and personnel, management may not be able to achieve a proper segregation of duties; however, our professional standards require that we bring this lack of segregation of duties to your attention in the report.

*Views of Responsible Officials:* The limited number of available personnel prohibits segregation of duties of incompatible duties. Procedures were implemented to improve the segregation of duties through increased staffing and division of responsibilities allowing implementation of additional monitoring procedures.

3. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS:

No findings or questioned costs were noted that are required to be reported.
